## **Disabled Parking Accreditation Scheme**

## **Cllr McMullan to raise**

This Council is committed to ensuring that the city and neighbourhood areas of Belfast are accessible and inclusive for disabled people, older people and carers. This Council recognises that access to a car is central to the independence of many people with mobility issues but notes the low provision of accessible bay parking spaces in its off-street car parks with just 3% of its spaces designated as accessible across the city. This Council agrees to join Disability Motoring UK's Disabled Parking Accreditation scheme to improve the minimum number, size and quality of our accessible bay parking spaces. This Council further notes this is one of many interventions that need to be taken by this Council and partners as part of our commitment to an inclusive COVID-19 response and recovery and our commitment in the Belfast Agenda to become an accessible city for all by 2035.
