### Explanation of the Agenda and the Meeting

The Chief Executive provided the Council with an update on the latest actions and plans which the Council's Emergency Planning teams had been involved in. She also advised the Members that business continuity planning was in place for each of the Council's critical services.

She advised the Council that, in response to the decisions taken at its meeting on Friday, 13th March:

- the City Hall was closed to the public, with the exception of registering births, deaths or marriages, or for weddings and civil partnership ceremonies which had already been booked;
- all other functions or events in the City Hall would be cancelled until further notice;
- Malone House and Belfast Castle would be closed to the public, apart from those functions which had already been booked at those venues;
- The Tropical Ravine, the Palm House and Belfast Zoo were closed to the public until further notice; and

- Pitches and pavilions would be closed until further notice.

She explained that the Special Council meeting had been called by the Lord Mayor to discuss a proposal calling on all Leisure Centres across the City to close, as well as to discuss any other issues relating to the Coronavirus (Covid 19) outbreak.

Moved by Councillor Beattie  
Seconded by Councillor Murphy

This Council, in light of the Coronavirus outbreak, calls on Greenwich Leisure Limited (GLL) to close all of its Leisure Centres in Belfast immediately.

### **Amendment**

Moved by Councillor Matt Collins,  
Seconded by Councillor Ferguson,

In the interest of public health, and to protect staff and the public, this Council will temporarily close major services to the public, including leisure centres, and events centres like the Ulster Hall and the ICC Belfast. We urge management organisations such as GLL and other organisations to continue to pay staff in line with the Council's approach. Community Centres will also shut, but can remain in use for exceptional or unnecessary meetings and to help the vulnerable where needed. All workers who can be redeployed or can work from home will be facilitated. Parks and Cemeteries will remain open, but playgrounds will shut. Necessary services, such as recycling centres and cleansing will remain open. The Council also calls on bars to shut over the St. Patrick's Day period. While this shutdown occurs, Council management and elected representatives will work with the relevant Stormont departments to develop a relief system for workers and the self-employed throughout this crisis.

Councillor Beattie accepted the amendment.

### **Amendment**

Moved by Councillor Long,  
Seconded by Councillor Dorrian

In light of the developing coronavirus situation, and in line with current scientific evidence, the Council agrees to request that GLL implements a phased closure of leisure centres with an initial reduction in hours at every centre in line with the policy of social distancing and using a risk mitigation plan.

We recognise that there is likely to be phased closure of further venues where social distancing will not be practical.

We also give the authority to the Chief Executive, in discussion with Party Leaders, to seek closure of all Leisure Centres once the scientific guidance from the Chief Medical Officer advocates this.

We encourage citizens to act sensibly and take sensible precautions and we would encourage pubs to close on St Patrick's Day and follow their industry advice in order to help promote social distancing.

### **Adjournment**

The Council agreed to adjourn for a period of time to allow the Members time to watch the announcement from the Prime Minister and to give consideration to the proposals.

(The Council stood adjourned from 5.00p.m. until 6.15p.m.)

Given the announcement from the Prime Minister, Councillor Beattie withdrew his earlier proposal.
