Update on the EU Settlement Scheme

The Committee considered the following report:

“1.0 Purpose of Report or Summary of main Issues

The purpose of this report is to update Members on the EU Settlement Scheme.

2.0 Recommendations

Members are asked to note the update provided.

3.0 Main report

Key Issues

Members are reminded that a report was brought to the September meeting of this Committee providing information on the EU Settlement Scheme. Since this last update the Home Office has issued further information and Officers participated in a teleconference in relation to the Scheme on 4th December. A representative of the Home Office also attended the meeting of the Migrant Forum on 3rd December and provided an update on the Scheme.

In summary the background to the Scheme is:

- In December 2017 the UK government reached an agreement with the European Union on citizens' rights. In March this was extended to cover those arriving during the implementation period (to 31 December 2020).
- The agreement protects the rights of EU citizens after the UK leaves the EU and enables them to continue to live their lives as now. It also covers their family members.
- EU citizens in the UK and their family members will need to apply to secure their rights through a simple digital system to get [settled or pre-settled status](#)
- The Home Office has said that the application process will be as quick and user-friendly as possible and they will use existing government data to reduce the amount of evidence applicants will need to provide.
- The settlement scheme will be phased in until it is fully open by the end of March 2019. EU citizens do not need to do anything now.
- The scheme will remain open until 2021 so there will be no need to rush to apply.

A briefing document on the EU Settlement Scheme is attached as appendix 1 which includes information on the difference between settled and pre-settled status.
