7. **Issues Raised in Advance by Members**

- (a) Fly Tipping - Councillor Murphy to raise

"This Council notes the frustration caused by fly tipping across the city and the visual impact it has on local areas.

Councils are responsible for the enforcement and policing of fly tipping and currently we can only enforce this by checking through what has been dumped and getting names and addresses from that. This can carry a fine of up to £2,500.

We are asking for Council to review its current processes for dealing with fly tipping particularly around enforcement. In order to do this, we should look at models of best practice from elsewhere.

This review should come back to committee for us to explore the findings and plan a new way forward that will see us tackle the issue of fly-tipping in a more efficient manner."
