1.2	Members are reminded that licences are issued for a 5-year period with standard conditions. Where it is considered necessary to do so, the Committee can also impose special conditions. <u>Background</u>								
1.3	The property had the benefit of an HMO licence granted by the Northern Ireland Housing Executive ("NIHE") which expired on the 25 June 2019.								
1.4	On the 26 September 2019 an authorised officer from the NIHMO Unit inspected the property following the service of a section 78 Notice: Powers of entry without warrant of the 2016 Act which resulted in enforcement action. Appendix 2								
1.5	On the 26 September 2019, an HMO licence application was received from the owner of the accommodation. The NIHMO Unit subsequently rejected the application on the 04 October 2019 as the granting of the new licence would constitute a breach of planning control.								
1.6	Mr. McLaughlin submitted an application for a Temporary Exemption Notice "TEN" on the 9 October. The TEN was subsequently granted until 17 January 2020.								

1.7	On the 26 February 2021 Mr. McLaughlin submitted an application for a new HMO licence for the accommodation.

3.0	Main report
	<u>Key Issues</u>
3.1	Pursuant to the 2016 Act, the Council may only grant a licence if it is satisfied that: <ul style="list-style-type: none"> a) the occupation of the living accommodation as an HMO would not constitute a breach of planning control; b) the owner, and any managing agent of it, are fit and proper persons; c) the proposed management arrangements are satisfactory); d) the granting of the licence will not result in overprovision of HMOs in the locality; e) the living accommodation is fit for human habitation and— <ul style="list-style-type: none"> (i) is suitable for occupation as an HMO by the number of persons to be specified in the licence, or (ii) can be made so suitable by including conditions in the licence.
	<u>Planning</u>
3.2	As this is a new application the Council’s Planning Service was consulted. It confirmed that a Certificate of Lawful Existing Use or Development (“CLEUD”) was granted with the planning reference LA04/2019/2497/LDE.
	<u>Fitness</u>
3.3	When considering the fitness of an applicant the Council must have regard to any offences concerning fraud/ dishonesty, violence, drugs, human trafficking, firearms, sexual offences, unlawful discrimination in, or in connection with, the carrying on of any business; or any provision of the law relating to housing or of landlord and tenant law. It also permits the Council to take into account any other matter which the council considers to be relevant.
3.4	The NIHMO Unit has consulted with the following units within the Council’s City and Neighbourhood Services Department – <ul style="list-style-type: none"> (a) Environmental Protection Unit (“EPU”) - who have confirmed that in relation to night-time noise there has been no relevant enforcement action required in respect of the HMO in the last 5 years, (b) Environmental Protection Unit (“EPU”) - who have confirmed that in relation to day-time noise there has been no relevant enforcement action required in respect of the HMO in the last 5 years,

(c) Public Health and Housing Unit (“PHHU”) - who have confirmed that in relation to rubbish accumulation/filthy premises, there has been no relevant enforcement action required in respect of the HMO in the last 5 years,

(d) Enforcement Unit (“EU”) - who have confirmed that in relation to litter and waste, there was one incident which resulted in the service of an Article 21 notice in accordance with The Waste and Contaminated Land (Northern Ireland) Order 1997 in February 2018. An Article 21 notice requires the occupier to place the waste for collection in receptacles of a kind and number specified

3.5 The Applicants has confirmed that they have not been convicted of any relevant offences as set out at paragraph 3.3 of this report.

3.6 The Applicant has not been convicted of any HMO related offences by the Council. The EPU, PHHU and EU, solely in respect of their statutory functions, have confirmed that there are no relevant, previous convictions in respect of the Applicant, Managing Agent or occupants. Due to data protection issues which have recently arisen, PSNI have not been accepting or responding to notification of these applications. Officers are continuing to engage with PSNI to find a resolution to this issue.

Overprovision

3.8 For the purpose of determining whether or not the granting of a licence would result in an overprovision of HMOs in the locality of the accommodation, and in order to ensure consistency as both a planning and licensing authority the locality was defined as being HMO Policy Area “HMO 2/17 Sandymount” as defined in the document “Houses in Multiple Occupation (HMOs) Subject Plan for Belfast City Council Area 2015.

3.9 Legal Services has advised that there is a clear requirement in section 8 of the 2016 Act upon the Council to be satisfied that the granting of a licence will not result in overprovision.

3.10 On the date of assessment, 12 May 2022 there were a total of 112 licensed HMOs in HMO policy area “HMO 2/17 Sandymount” which equates to just over 66% of the total dwelling units, which in turn exceeds the 30% development limit as set out at Policy HMO 1. The 112 licensed HMOs have a capacity of 501 persons.

3.11 The total number of dwelling units in a Policy Area is measured by Ordnance Survey’s Pointer database.

3.12 The Council must also consider the need for housing accommodation in the locality and the extent to which HMO accommodation is required to meet that need.

3.13 The Council recognises that there is a requirement for intensive forms of housing to meet this demand, HMOs are an important component of this housing provision. HMOs, alongside other accommodation options within the private rented sector, play an important role in meeting the housing requirements of people who are single, who have temporary employment, students, low-income households and, more recently, migrant workers.

3.14 In September 2017, The Housing Executive published the document “Housing Market Analysis Update – Belfast City Council Area” which states “HMOs form an important element of the PRS, particularly for younger people on low incomes and for single people, under the

	age of 35, affected by the limitation of housing benefit to the shared room rate. Anecdotal evidence also indicates that this has been a popular sector with migrant workers.”
3.15	Anecdotal evidence from conversations with HMO managing agents suggest that that there is currently a lack of HMO accommodation available in the locality. It is too early to tell whether this is a temporary problem or evidence of an emerging long-term supply issue.
3.16	On the <i>05 May 2022</i> there were 9 licensed HMOs advertised for let on the website Property News in BT9, <i>from the information provided on the website this represented 35 bed spaces</i> . The advertisements indicated that availability of the accommodation varied from June to the middle of September. There were no licensed HMOs available on the date of assessment in HMO policy area “HMO 2/17 Sandymount”
3.17	The fact the use of the property as an HMO is permitted for planning purposes is a relevant consideration in determining whether the grant of this licence will result in overprovision. There is an argument that it may not do so as the premises are already being used as an HMO.
3.18	However, it should be borne in mind that planning permission was granted on the basis that the use had been established for 5 or more years and was therefore immune to enforcement. No assessment of overprovision was made at that time. Given the level of licensed HMO properties in this locality as set out above it would be highly unlikely that a planning application for a new HMO in the area would be successful as the thresholds in the 2015 Plan have been significantly exceeded.
	<u>Objections</u>
3.19	No objections have been received in relation to this application.
	<u>Attendance</u>
3.20	The applicant and/or their representatives will be available to discuss any matters relating to the licence application should they arise during your meeting.
	<u>Suitability of the premises</u>
3.21	The accommodation was certified as complying with the physical standards for an HMO by a technical officer from the NIHMO service on the 28 May 2021.
	<u>Notice of proposed decision</u>
3.22	On the 1 June 2022, pursuant to Paragraph 9 of Schedule 2 of the Houses in Multiple Occupation Act (Northern Ireland) 2016, Officers issued a Notice of Proposed Decision to the Applicant setting out the terms of the proposed licence. Appendix 3
3.23	The Notice of Proposed Decision stated that the council proposed to refuse the licence on the grounds of overprovision. A statement of reasons for the proposal was included in the Notice of Proposed Decision.
	<u>Applicant’s response to the notice of proposed decision</u>
3.24	At the date of writing this report the applicant had not responded to the notice of proposed decision.
