3.0	Main Report
	<u>Key Issues</u>
3.1	<p>The Committee will be aware that Standing Orders 13 (m) to (r), as agreed by the Council at its meeting on 4th October, are as follows:</p> <p>(m) <i>The Standards and Business Committee will have delegated authority to adopt or reject Notices of Motion. The Lord Mayor will indicate at the Council meeting those Notices of Motion that have been considered by the Standards and Business Committee and whether such Notices of Motion were rejected or adopted. In either case, the proposer only may speak on the issue at Council.</i></p> <p>(n) <i>The Standards and Business Committee will refer all Notices of Motion directly to a standing committee when the matter to which the Notice of Motion refers falls within the remit of that committee. At Council, the Lord Mayor will indicate that the Notice of Motion was received and referred. There will be no speakers on such Notices of Motion at Council.</i></p> <p>(o) <i>The Standards and Business Committee will refer Notices of Motion for consideration by full Council when the Notice of Motion relates to a strategic or constitutional matter.</i></p> <p>(p) <i>The Standards and Business Committee will not have the power to amend the wording of any Notice of Motion that is being referred to the full Council for debate.</i></p> <p>(q) <i>Any amendments to Notice of Motions to be proposed at the Council are to be furnished at least one day in advance of going to the full Council and will be circulated to Party Group Leaders in advance of the Council meeting.</i></p> <p>(r) <i>In referring any matter to the full Council, the Standards and Business Committee may determine to restrict contributions to the debate in relation to any Notice of Motion to one per political party. At the Council meeting, the Lord Mayor will clearly indicate if the restriction applies.</i></p>
3.2	<p>The following motion has been received:</p> <p><u>Agricultural Fines for Pollution</u></p> <p>“This Council notes the ongoing issues with deteriorating water quality in our rivers and waterways across Northern Ireland as highlighted in the recent New State of Our Rivers Report by the Rivers Trust.</p>

	<p>Of the 450 river stretches looked at in Northern Ireland, 0% achieved good overall status, and 12% were given either poor or bad overall status. Only 31% achieved good ecological status, and just 2 stretches achieved high ecological status, and almost 70% failed to meet the requirements for good ecological status. This has impacted on the overall quality of Lough Neagh, which supplies over half the drinking water to Belfast, due to excess run-off from industrial agricultural processes.</p> <p>This Council recognises that we are in the midst of a freshwater crisis in Northern Ireland and are concerned that the capping of agriculture penalties for repeated negligent breaches at 15% in October 2022 is not a sufficient deterrent.</p> <p>As such, this Council calls on the DAERA Minister to reinstate the previous more stringent penalties to more accurately reflect the environmental harm caused.”</p> <p>Proposer: Councillor Brian Smyth</p> <p>Seconder: Councillor Áine Groogan</p>
3.3	<p>The motion calls upon the Council to support Agricultural Fines for Pollution through a number of actions - the Committee can either adopt the motion, refer it for debate at the Council meeting (with or without restrictions) or reject the motion.</p>
