<b>Contact Officer:</b>	Siobhan Watson SNAP Manager ext. 3579

### Relevant Background Information

Members will be aware that twelve of the Department for Social Development's Neighbourhood Renewal Partnerships lie within the Belfast City Council boundary and that they are all developing individual plans for their areas.

Each plan details a series of actions and identifies those organisations that the Partnership believes can contribute to delivering them. Belfast City Council has been identified against a number of these actions (either as the lead partner or in a supporting role) and has been asked to consider how we can contribute to their successful delivery.

To date we have replied to ten plans and we have now drafted a response to the plan covering the Greater Falls Partnership area. The plan requests over 250 actions relating to Belfast City Council.

The final plan for Andersonstown Neighbourhood Renewal partnership is currently being processed and will be presented before Committee in due course.

### Key Issues

A response has been formulated for the Neighbourhood Renewal Action plan (see **Appendix 1**).

The plan describes a series of local actions against which the council was identified as either a lead or supporting partner. In our response we have described the likely

contribution that the council can make to each.

Members are asked to endorse the contents of the response and to note that the final Action Plan (Andersonstown) will be presented to Committee for approval in due course.

### **Resource Implications**

#### Human Resources

Coordination by the SNAP Unit with contributions from each council department.
