

Belfast City Council

Report to:	Development Committee
Subject:	Response to Andersonstown Neighbourhood Renewal Action Plan
Date:	October 2008
Reporting Officer:	Marie-Thérèse McGivern Director of Development ext.3470
Contact Officer:	Siobhan Watson SNAP Manager ext. 3579

Relevant Background Information

Members will be aware that twelve of the Department for Social Development's Neighbourhood Renewal Partnerships lie within the Belfast City Council boundary and that they are all developing individual plans for their areas.

Each plan details a series of actions and identifies those organisations that the Partnership believes can contribute to delivering them. Belfast City Council has been identified against a number of these actions (either as the lead partner or in a supporting role) and has been asked to consider how we can contribute to their successful delivery.

To date we have replied to eleven plans and we have now drafted a response to the plan covering the Andersonstown Partnership area. The plan requests over 48 actions relating to Belfast City Council.

Key Issues

A response has been formulated for the Neighbourhood Renewal Action plan (see **Appendix 1**).

The plan describes a series of local actions against which the council was identified as either a lead or supporting partner. In our response we have described the likely contribution that the council can make to each.

Members are asked to endorse the contents of the response.

Resource Implications

<u>Human Resources</u>

Coordination by the SNAP Unit with contributions from each council department.
--

Recommendations

Members are asked to:
