- 3.5 The inclusion of tourism as a key growth sector in the City Region Deal, acknowledged the fact that the sector is already a significant economic generator but recognises the need for significant additional investment in order to sustain growth. The Council's 10-year plan for tourism in the city; "Make Yourself at Home" sets out a vision for the future of tourism in the city that is centred on a people-based and sustainable model of development with a focus on: increasing the coherency of the Belfast experience; supporting quality authentic products; developing skills; and strengthening the city's position through marketing and communications.
- Belfast's *Make Yourself at Home*, Tourism Plan recognises both the challenges to increase tourism and to maximise the positive impact that it can have on the city; whilst the updated Belfast Agenda has set a target to double the value of tourism from £400m to £800m by 2030. As the Destination Marketing Organisation (DMO) for Belfast, Visit Belfast has an important role to play in realising the vision for tourism. It is in this context that Visit Belfast developed its three-year strategy New Horizons (2024-2027) and its year two business plan 2025-26 to support and promote tourism activity in the city region in a way that enriches the visitor experience, encourages longer stays and achieves meaningful economic and social impact for local people. Further details of activities that will be undertaken as part of this plan with associated targets will be set out in the presentation to the Committee and are included at Appendix A.
- 3.7 Visit Belfast's three-year strategy New Horizons (2024-2027) and year two business plan (2025-2026) are aligned to the four themes of Belfast's Tourism Plan: *Make Yourself at Home*, focused on delivering for the city:
  - Grow the visitor economy in the Belfast city region in an inclusive and sustainable way
  - **Position** the Belfast city region as a front of mind destination for leisure visits, business events and days out;
  - Enhance the **Experience** for visitors by showcasing Belfast city region as a diverse and welcoming destination with a unique neighbourhood offer, and;
  - Sustain its approach to championing sustainability, pioneering impactful initiatives, inspiring sustainable choices amongst visitors and clients and telling Belfast's sustainability story.
- 3.8 Tourism Outlook tourism contributes to the economic and social wellbeing of the city with high potential to create jobs quickly and provide the economic impetus for the wider economy. The analysis of tourism trends, market sentiment, policy context and performance

indicators underscore the opportunity for growth in the year ahead, despite economic headwinds.

- 3.9 With two airports, Belfast Harbour as well as road and rail links, including the recently opened Grand Central Station with the introduction of an hourly train service to and from Dublin, the city is driving overall tourism growth in Northern Ireland.
