Dear Yvonne

Re: Shadowing Exercise: Donegall Pass Community Centre

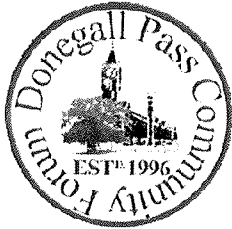

Following previous discussions concerning the agreed 'Shadowing Exercise' to be conducted regarding the Donegall Pass Community Centre, Donegall Pass Community Forum, has had, in the meantime, to deal with many other competing priorities and exigencies which have, perforce, taken precedence. Among these have been internal re-organisational matters, changes affecting the delivery of community services and radical alterations affecting the 'funding climate'.

In view of the foregoing, we must ask you to consider granting an extension to the period allocated to the implementation of this exercise.

Yours sincerely

Harry Todd
Chairperson, Donegall Pass Community Forum
