1.0 Background

- 1.1 The Corporate Plan embodies what the council intends to achieve from 2012-15. It is ambitious yet realistic and demonstrates how Members' are committed to improving quality of life for everyone who lives in, works in and visits Belfast. It is based upon an assessment of need in the city, the views of residents on what the council's priorities should be and a commitment to strong political and executive leadership at both a city wide and neighbourhood level.
- 1.2 While the Corporate Plan focuses on issues which cut across Council departments, it also reflects the importance of the quality of the vital services that we provide on a daily basis.
- 1.3 The corporate plan is illustrated in figure 1 below, showing our key priorities for the city over the next 3 years are:
 - Leadership
 - Environment
 - Economy
 - People & Communities
 - Improving our Services

Fig 1: Corporate Value Creation Map

The Council will take a lead role in improving the quality of life for the people of Belfast by making the city and its neighbourhoods better places to live in, work in, invest in and visit

- 1.4 This Departmental Plan describes how the Parks and Leisure Department's actions and targets for 2013/14 complement the Corporate Plan. This Plan sets the strategic direction for the department and will ensure focused and effective management of the department by the Committees and senior managers. It provides explicit links between core departmental activity and corporate strategy.
- 1.5 Preparations are well underway for the reform of local government, which will take place by April 2015.

The Local Government Reorganisation Bill is set to be introduced to the Assembly in the coming months and there is already a significant programme of work being undertaken by all departments to prepare the organisation for the changes ahead. The Parks and Leisure Departmental Plan includes preparations for this work but once the legislation is introduced into the Assembly, there may be further actions which will need to be considered. Any additional actions will be incorporated into the Departmental Plan and updates will be provided to Committee accordingly.

- 1.6 Under the council's Scheme of Delegation, the Director of Parks and Leisure has been given the delegated authority to undertake the activities as outlined in section 6. Progress update reports will be submitted to the Parks and Leisure Committee twice yearly.
- 1.7 For the 2013-14 period, the Director of Parks and Leisure intends to use this authority to deliver the departmental plan, implementing all the activities outlined in section 6 (Pg 13-21) and as well as any additional related activities. In particular the Director intends to use delegated authority to;-
 - implement those actions derived from the departmental improvement programme;
 - authorise unforeseen or reactive events in any parks or leisure facility in accordance with the events policy;
 - engage any relevant consultancy expertise required to deliver the actions outlined in Section 6 of the plan subject to adherence to the Council's procurement protocols and the necessary budgetary allocation having been made;
 - set nominal entrance fees or charges or waive fees for the Department's activities or events in those cases where an appropriate case has been made – e.g. summer schemes and interface programmes.
 - approve charitable collections and fund raising activities of partner organisations who contribute to the achievement of the council's vision and objectives in Parks and Leisure facilities.
- 1.8 To support all the departmental planning and performance efforts, the Parks and Leisure Department will focus in 2013/14 on the introduction of a robust departmental planning and evaluation support framework (see fig 2). The rationale for this is to help provide an understanding of the value the Parks and Leisure Departmental vision creates for people, places and possibilities within Belfast and how these contribute to the achievement of departmental outcomes.

- 1.9 This work will also enable the Department to deliver improvements while providing the opportunity to get our house in order and align to the ongoing corporate work in relation to the following key areas of work, including:
 - the development of a city and neighbourhood outcomes framework;
 - the finalisation of the corporate consultation and engagement strategy and framework:
 - the development of local area working and planning; and
 - the delivery of the corporate plan and investment programme.
- 1.10 The departmental planning and evaluation support framework will be used to:
 - clearly define what the Parks and Leisure Department means by inputs, outputs and outcomes;
 - align with the corporate themes;
 - determine the contribution we make to input, outputs and outcomes as a Department;
 - identify the departmental projects, programmes and activities provided or supported in order to deliver inputs, outputs and outcomes, considering the linkages and connections between these;
 - identify HOW we measure our inputs, outputs and outcomes, and
 - how we develop the evidence base/ data sources around them.
