Subject: 67 Schomberg Avenue

Ken,

The disposal was agreed on the terms outlined by the Parks and Leisure Committee and as set out in the minutes of the Strategic Policy and Resources Committee of 23rd October, that is, points (i) to (iv) on page B1485.

The word further is slightly misleading in so far as Councillor Stoker, who is Chairman of the Park and Leisure Committee, was quite emphatic that there should be no building since this would contravene the restrictions imposed by Parks and Leisure. The Strategic Policy and resources Committee agreed with this view.

Jim Hanna
Senior Committee Administrator
