Mr Shane Whelehan
Old Beltex Mill
Flax Street
Belfast
BT14 7EJ

Dear Mr Whelehan,

Ref: Sport Matters – Community Capital Programme – Exchequer Funding

I refer to our recent request for an update on your project's state of readiness to compete for the remaining funding for the Sport Matters – Community Capital Programme (SMCCP).

Unfortunately your project did not fully demonstrate a satisfactory state of readiness, as previously defined by SNI, by the deadline of 29th June 2012.

The final SMCCP budget has now been allocated to those projects which fully satisfied the state of readiness criteria by the deadline.

SNI does not have a budget confirmed beyond this, however your project has been returned to the call-off list in the event of any of the selected projects dropping out, or additional budget becoming available for this programme.

Should a budget become available SNI will contact you to request an update on your state of readiness. If satisfactory at that stage then projects selected for progression will again be ranked according to score then state of readiness.

Feedback on your application

You have the right to request feedback on your application. If you wish to receive feedback then please contact your Development Officer whereby we will provide you with some advice on the scoring of your application and guidance on whether or not you should develop your project in any further way.

You also have the right to request a formal review of the funding decision on your project. Should you wish to take this option, then please refer to the SNI website www.sportni.net/about/ReviewProcedure for further information. I would recommend that you first consider requesting informal feedback through the feedback process detailed above.

In the meantime I would like to take this opportunity to thank you for the interest you have shown in the Sport Matters - Community Capital Programme. If you have any further queries please do not hesitate to contact us on 028 90381222.

Yours sincerely

Nick Harkness
Director of Participation and Facilities
