1 Relevant Background Information

The purpose of this report is to request that the Strategic Policy and Resources Committee consider and approve the following draft health and safety policies and procedures:

- Health and Safety Policy
- Health and Safety Responsibilities Code of Practice

These documents have been consulted upon through the Council’s Health and Safety Committees, JNCC and CMT.

2 Key Issues

Health and Safety Policy

There is a statutory requirement for the Council to have a Health and Safety Policy in place and to review it on an on-going basis. As part of a recent audit of Corporate Health and Safety arrangements a new Health and Safety Policy (Appendix 1) has been drafted.

The key changes include:

- Reference to the Council’s revised governance and assurance arrangements for health and safety
- References to the Council’s health and safety risk management processes
- Reference to the role of the Committee in approving / endorsing the policy
- Reference to the nominated health and safety director.

It is proposed that once the Policy is approved it will be communicated to employees through the Team Brief and Interlink and to other interested stakeholders through the Publications page on the Council website. It will also be added to Notice Boards and included at all Corporate Health and Safety training.
**Health and Safety Responsibilities Code of Practice**

The Council's Health and Safety Responsibilities Code of Practice has also been revised (Appendix 2) which has clarified health and safety reporting lines and roles and responsibilities.

The changes include:

- senior management responsibilities under the Corporate Manslaughter Act
- the emerging health and safety assurance framework of the Council.

It is proposed that once the Code of Practice is approved, the roles and responsibilities will be communicated to employees through the Team Brief and Corporate Health and Safety training courses. Tailored training will be organised for Senior Managers and Elected Members and it is also proposed to re-issue the Employee Health and Safety handbook to staff.

### 3 Resource Implications

<table>

</tr>
</tbody>
</table>

There will be a time requirement to communicate these changes but as far as possible this will be incorporated into existing communication opportunities including the Team Brief and annual health and safety refresher training.

### 4 Equality and Good Relations Implications

The Health and Safety Policy has been equality screened and no impacts on Section 75 categories have been identified (see Appendix 3)

### 5 Recommendation

The Committee is requested to consider this report and approve the draft Health and Safety Policy and Health and Safety Responsibilities Code of Practice.

### 6 Decision Tracking

Ronan Cregan, Director of Finance and Resources, ext 6184

### 7 Key to Abbreviations

JNCC – Joint Negotiating and Consultative Committee
CMT – Corporate Management Team
