Location Site bounded by Little York Street, Great George Street and Nelson Street, Belfast.

Proposal Construction of 238 No. 1bed and 2 bed apartments with 200 No. parking spaces on ground and first floor levels with elevated landscaped central courtyard.(Amended Plans)

- 1 The proposal is unacceptable as it is contrary to the Joint Ministerial Statement of 31 January 2005 as the proposal is considered to be premature in terms of the development plan process as an approval at this stage would prejudice and undermine a key element of the draft Belfast Metropolitan Area Plan, namely the Belfast City Centre Character Areas both individually (due to the scale of the proposal and its visual impact) and cumulatively (through setting a precedent for other sites).
- 2 The proposal is unacceptable as it is contrary to the Draft Belfast Metropolitan Area Plan in that the site is subject to a zoning for social housing and the proposal fails to provide an acceptable design, density and mix of social housing to fulfil the identified social housing need in this area.
- 3 The proposal is unacceptable as it is contrary to UE1 and Designation CC 018 of the Draft Belfast Metropolitan Area Plan and Policy QD1 (a) of Planning Policy Statement 7 in that it fails to respect the surrounding context and is inappropriate to the character and topography of the site in terms of layout, scale, proportions, massing and appearance of buildings, structures and landscaped and hardsurfaced areas.
- 4 The proposal is unacceptable as it is contrary to Policy UE6 of the Draft Belfast Metropolitan Area Plan and Policy QD1 (f) and (i) of Planning Policy Statement 7 in that inappropriate provision is made for car parking providing an unacceptable inactive frontage to the public streets, which results in a development which fails to deter crime and promote personal safety.

- 2 The proposal is contrary to the Departments' Planning Policy Statement 2: Planning and Nature Conservation in that it fails to respect the character, topography, and landscape features of the site and would, if permitted, harm the health and condition of significant trees due to its inappropriate siting, layout, and ground remodelling works required to facilitate the proposed development.
