Dear George

Re: BCC Fleet Review

I am writing to acknowledge the outcome of the consultations which have taken place between yourself and the GMB at local level in respect of the above review. I would also further wish to confirm that following this review, the GMB are content with the set of proposals being tabled.

In an effort to bring this matter to a conclusion, I am also happy for this response to be included with those from the other unions involved; to be tabled as an appendix to your final report, should this be beneficial in concluding the process.

Yours sincerely

Dear George

Re: BCC Fleet Review

I am writing to acknowledge the outcome of the consultations which have taken place between yourself and the UNITE union at local level in respect of the above review.

The UNITE union recognizes that there has been substantial consultation with its members in relation to the proposals for change within the Fleet Management Unit and is broadly content with the overall new structure proposed, but will be seeking further consultations with management in respect of the actual implementation of the changes.

Yours sincerely

Michael Keenan

Dear George

Review of the Fleet Management Unit

Thank you for meeting with Nipsa today in relation to the Council's review of its Fleet Management Unit and for engaging in meaningful consultation which outlined the impact of that review on Nipsa's members in this area.

I wish to advise you that Nipsa is content that the review of the Fleet Management Unit will have no detrimental impact on our members and therefore have no difficulties with what is being proposed.

Yours sincerely

Lisa McKee
Branch Secretary
