3.2 Members are asked to consider the following applications for naming new streets and the continuation of existing streets in the City. The application particulars are in order and the Royal Mail has no objections to the proposed names. The proposed new names are not contained in the Council's Streets Register and do not duplicate existing approved street names in the City.

3.5 Alskea Contracts Ltd have proposed Donegall Park Gardens for the new street name located off Antrim Road as the new development is located on the site of the Chapel of Resurrection which was built in 1869 by the third Marquis of Donegall. As well as the historical connection to the area, the new street is also in close proximity to Donegall Park Avenue. The second and third choice that have been proposed for the new street are Donegall Park Green and Donegall Park Square

3.6 JNP Architects have proposed Rose Street for a new street located off Springfield Avenue as the neighbouring streets are named after flowers. These streets are Crocus Street, Iris Drive and Violet Street. The second choice is Rose Drive with the third choice being Springfield Lane and fourth choice Springfield Way. Radius Housing are the owners of this site and they were keen to get the local community involved in the naming of the new street. They worked with a local primary school and organised a classroom based exercise for P6 and P7 pupils to participate in a poster competition entitled "My Community". A shortlist was drawn up based on the street naming criteria set by Belfast City Council and two of the exact name choices of two pupils have been put forward, Rose Street and Springfield Lane. The other two suggestions are based on variations of these.

Wandsworth Court is being proposed as the continuation of an existing street due to the
