Teacher Feedback:

“An excellent experience for the children. It was presented in an enthusiastic way. Pupils were very engaged throughout the event. The children learned a lot.”

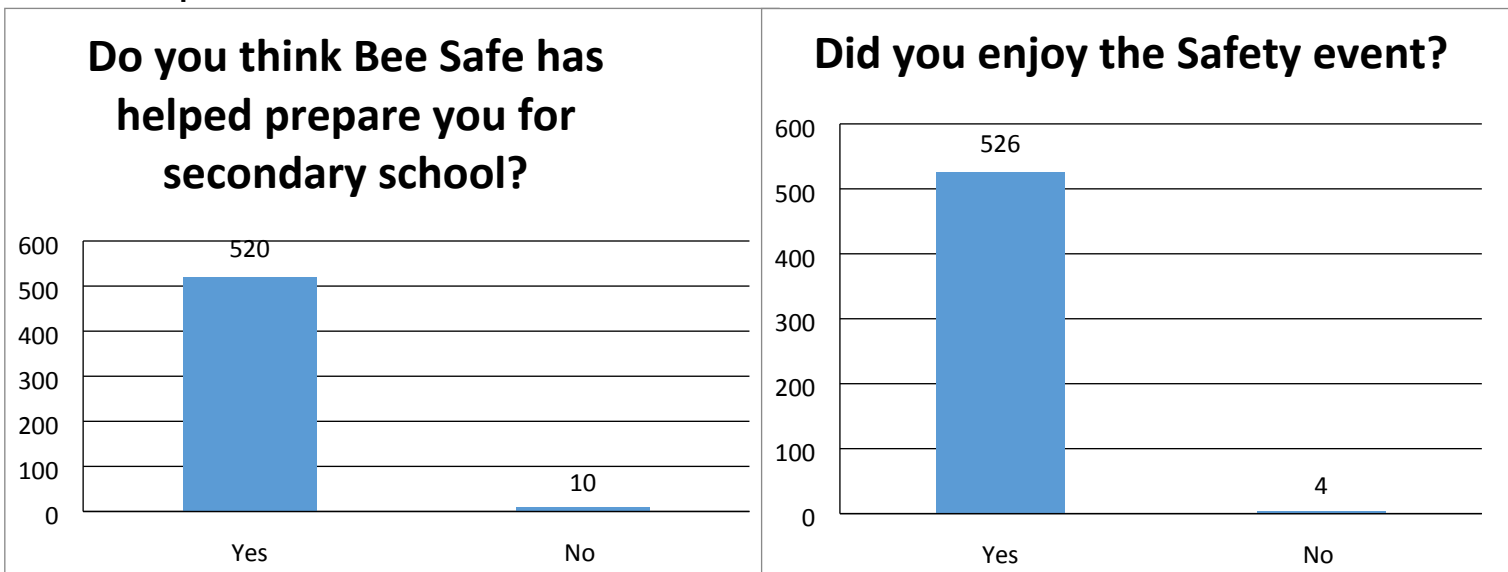

“Very impressed with the interactivity of the workshops. The children were encouraged to think and problem solve in a variety of realistic situations. The group navigator was wonderfully enthusiastic, engaging and VERY patient- thank you!”

“This event was extremely worthwhile for our pupils and was delivered in an appropriate way. Children seemed to learn the most from the practical elements (which there were a lot of) so the more practical activities included the better.”

“Absolutely fantastic resource/ event. Very engaging and stimulating and facilitators were good at building a rapport with pupils but at the same time getting the important messages across. First class!!”

“A fab resource I loved that it was real for the children. They really enjoyed the lessons and this reinforces what I teach about safety. I thought it was an amazing experience. It was my first time attending. Well done RADAR I will be telling everyone about RADAR.”
