## 2.0 Recommendations 2.1 The Committee is asked to: note the contents of this report and the prudential and treasury management indicators included within the appendices to the report. And agree: The Authorised Borrowing Limit for the Council of £165m for 2019/20 • The Treasury Management Strategy for 2019/20, which has been included as Appendix B to this report 3.0 Main report 3.1 The Local Government Finance Act (NI) 2011 requires the Council to adopt the CIPFA Prudential Code for Capital Finance in Local Authorities. In doing so, the Council is required to agree a minimum revenue provision policy annually and set and monitor a series of Prudential Indicators, the key objectives of which are to ensure that, within a clear framework, the capital investment plans of the council are affordable, prudent and sustainable. 3.2 At the Strategic Policy and Resources Committee on the 9 December 2011, Members approved the Council's Treasury Management Policy which is based on the CIPFA Treasury Management Code of Practice. The Treasury Management Policy requires that a Treasury Management Strategy be presented to the Strategic Policy and Resources Committee on an annual basis and that it is supported by a mid-year and year end treasury management reports. 3.3 The Capital Strategy, incorporating the prudential indicators, is included as Appendix A, while the treasury management strategy and treasury management indicators have been included as Appendix B. 3.4 The comparison of "Gross Borrowing" to "Capital Financing Requirement (CFR) is the main indicator of prudence when considering the proposed capital investment plans of the Council. Estimated gross borrowing should not exceed the CFR for the current year plus two years. The Council's estimated gross borrowing position, illustrated in Table 6, Appendix A, is comfortably within the CFR in the medium term. The Director of Finance and Resources therefore considers the estimated levels of gross borrowing as being prudent.

3.5	Table 9 (Appendix A) shows the estimated financing costs for capital expenditure as a
	percentage of the estimated net revenue stream for the Council, based on the medium
	financial plan. These illustrate that in the medium term, capital financing costs will represent
	12.06% of the Council's net running costs. On this basis the Director of Finance and
	Resources is satisfied that the level of capital expenditure is affordable.
3.6	The Finance Act requires the Council to set an affordable borrowing limit, relating to gross
	debt. The Prudential Code defines the affordable limit as the "Authorised Borrowing Limit"
	and gross borrowing must not exceed this limit. Table 8 (Appendix A) sets out the
	recommended "Authorised Borrowing Limit" for the Council as being £165m for 2019/20.
	Financial & Resource Implications
	Tinancial & Nesource implications
3.7	As detailed in the report
	Equality or Good Relations Implications
	None
