### Purpose of Report or Summary of main Issues

**1.0**

**1.1** At the Council meeting in January 2019 it was agreed to allocate £500k to a summer diversionary and festival programme, this was in context of the Revenue Estimates & District Rate report agreed as part of the rate setting process. The programme was advertised as an open call and officers have completed the preliminary assessment process.

**1.2** The purpose of this report is to provide the Committee with the detail of the preliminary assessments undertaken by officers and seek approval to award funding to those groups who have met the minimum standard required to receive funding.
### 2.0 Recommendations

**2.1 The Committee is asked to:**

- Make a recommendation that successful projects are awarded funding, totalling the amounts outlined in Table 1. Any funding awarded is subject to further engagement with groups and analysis of projects and associated budgets in line with Council due diligence procedures;
- Work with any unsuccessful groups to support, where appropriate, aspects of their application that can be delivered through the Council led Bonfire and Cultural Expression Programme

### 3.0 Main report

**Key Issues**

#### 3.1 Process

Following approval by Council in January 2019 to deliver a £500,000 Summer Community Festivals Diversionary Programme (£250,000 for July Groups and £250,000 for August Groups), the following process has been followed;

- All applicants submitted an application form by an agreed date;
- Officers undertook due diligence exercise to ensure that only applications that are fully completed and meet the conditions of funding were considered for assessment;
- During the open application process, officers were available to advise groups on the necessary due diligence requirements that must be met to enable groups to be considered suitable for funding;
- Officers have undertaken a preliminary assessment of each application against the agreed criteria (see Appendix 1) and are seeking a recommendation from the Strategic Policy and Resources Committee on proposed successful applications.

#### 3.2 July Programme

Five applications for the July programme were received with a total funding requirement of £354,229, (this was reduced to £311,729 following a reduction in the amount requested by the The Hubb.)
One of the applications, Consensus Restorative Justice did not meet the minimum quality standard to receive funding. It is proposed, that officers will work with this group to offer support in delivering a community festival in the local area in the lead up to the 11 July, through the Council led Bonfire and Cultural Expression Programme.

Table 1 summarises the applications received for the July programme.

Following initial assessment of applications, officers are proposing the following funding for projects who met the minimum quality standard;

1. **Greater Village Regeneration Trust (GVRT)** – This was the only application for South Belfast, therefore due to the disproportionate amount requested, £37,229, it is proposed that they receive the full amount;

2. **The Hubb Community Resource Centre** – Initially, as part of their submission a major headline music festival was proposed to be held on the 31 May to 2 June, the total requested was £86,500. This has been amended to include a community festival 10 to 12 July, with a request for £44,000 in total. As part of their proposal a number of workshops and diversionary activities will also be held in the lead up to the 11 July. It is proposed that they receive £44,000.

3. **East Side Partnership and Twadell & Woodvale Residents Association** – Both applications requested £100,000, it is proposed that, if members agree to 1 and 2 the remaining funding available for July (£168,771) is allocated on a pro rata basis, £84,386 for each project.

### 3.3 August Programme

Three applications were received for the August programme with a total funding request amounting to £250,000. As can be seen from Table 2 below all three applications have been assessed to meet the minimum funding threshold. Officers are proposing that all three applications are allocated the funding requested.

Table 2 summarises the applications received for the August programme.

3.4 Future Process
Subject to council approval, an appointed officer will work with each successful applicant to support projects in terms of ensuring all relevant policies and procedures are followed including monitoring and evaluation procedures. This will include further analysis of the detail of the projects and associated budgets and may result in some changes to proposed programmes of works and if required a reduction in funds awarded to ensure relevant council policies and procedures are followed.

3.5 Financial & Resource Implications
Budget is included within this year’s revenue estimates.

3.6 Equality or Good Relations Implications/Rural Needs Assessment
This programme is being included as part of an equality screening process for our overall approach to Bonfires
