<b>3.0</b>	<b>Main Report</b>
3.1	<p><b><u>Friendship Four</u></b></p> <p>The Friendship Four tournament was one of the first major outputs of the Belfast-Boston Sister City agreement signed in 2014. This competition remains the first and only National Collegiate Athletic Association of the USA (NCAA) Division 1 hockey tournament to be held outside of the United States. Taking place over the Thanksgiving period, four colleges, alumni and family supporters travel to Belfast for a week. The games are televised live in the United States and Canada with the tournament also garnering a significant following on social media platforms locally, nationally and internationally.</p>

3.2	<p>In addition to the matches, the tournament encompasses a number of satellite events. The College students undertake visits to local schools whereby young people are able to learn about the American education system and scholarship opportunities and the visiting students are immersed in the local culture. The tournament also features a “Festival of STEM” hosted by W5. W5 is the interactive science and discovery centre located managed by the Odyssey Trust and the STEM Ambassador Hub for Northern Ireland. The emphasis of the Festival of STEM programme is to promote these subjects across the curriculum, the involvement of women in sport and career opportunities within these disciplines</p>
3.3	<p>Since the first tournament in 2014, the Friendship Four programme has diversified and entered into new areas of activity. In 2018/19, two new initiatives were delivered as part of the initiative. The inaugural women’s competition was held in January 2019 and a business, education and tourism showcase promoted the local creativity and innovation across these sectors to those visiting the city as part of the event.</p>
3.4	<p>The Odyssey Trust has developed a business plan for the three year period 2019-2021. It identifies an annual visitor spend in the region of £320,000 by event participants. It also notes that the live television coverage of the event will reach more than 150million households. Plans are well advanced for the 2019 event. Teams confirmed as participating include Colgate (NY), Northeastern, Princeton (NJ) and New Hampshire. Teams proposed for the 2020 and 2021 competitions include Boston College, Michigan, Quinnipiac, Harvard, UMass Lowell, Vermont, Providence, Notre Dame and Clarkson.</p>
3.5	<p>Belfast City Council has been a principal funder of this event since its inception, alongside the Department for Communities (DfC), Tourism Northern Ireland, Tourism Ireland, Invest NI, The US Consulate and the Odyssey Trust. Private sector income is levered through corporate sponsorship and ticket sales. In terms of alignment with Belfast Agenda targets, the proposed event supports a number of the key priorities including:</p> <ul style="list-style-type: none"> <li>• Increasing the number of bednights, particularly those from out of state visitors</li> <li>• Promoting and positioning the city to compete by building on the sports programme and creating a strong marketing and branding piece, focusing on the city’s economic and tourism strengths.</li> </ul>
3.6	<p>Given the significant reliance on public support for the event, the Odyssey Trust is currently in the process of trying to secure the funding from the partners identified above. If the Committee agrees to provide the amount of funding requested from Belfast City Council,</p>

officers will develop a detailed Legal Agreement with key performance indicators for the event and the release of funding will be subject to the organiser's ability to meet those targets.

**EUROCITIES Annual Conference – 20-22 November 2019, Prague**

3.7 Members will be aware that Belfast has been a member of the EUROCITIES network for 24 years. EUROCITIES is a network of more than 140 major European cities, made up of the elected local and municipal governments of major European cities. The network is structured through the thematic fora of Culture, Social Affairs, Knowledge Society and Environment and each forum has a number of working groups. Belfast has participated in a number of the groups, based on particular areas of need or interest to the council and the city at that time. We have also shared learning on a range of topics and has availed of the network to engage with the key EU institutions in order to influence policy.

3.8 Members will be aware that, in March 2019, this Committee agreed to the council's continued participation in the network. The annual conference enables cities to review and input into the future work plans, elect the Executive committee and discuss urban issues and challenges of specific interest. The theme for the 2019 conference is "City Transformation" with pertinent issues on the agenda such as establishing new purposes for vacant historic buildings, addressing population decline in urban centres and greening the city.

3.9 In order to maintain access to the network and to ensure that Belfast retains the insight and high-level contacts in Brussels and other cities, it is proposed that the Committee Chair (or her nominee) plus one officer attends this conference.

The trip will take place on the week commencing 29 July 2019 and will also involve Catalyst Inc. The aim of the mission is to facilitate access to investment and new market opportunities for 5 Belfast based businesses.
