**Meeting of Council,
Monday, 2nd September, 2019**

**Extract of Minutes of Special Meeting of
1st July, 2019**

The Chief Executive reminded the Council that, at a special meeting on 1st July, it had passed the following motion in relation to the Removal of Banners and Paramilitary Flags:

“In accordance with notice on the agenda, Councillor Beattie proposed:

This Council is alarmed at the increasing number of offensive displays of banners and paramilitary flags across Belfast.

Paramilitary flags and banners supporting British regiments are being used to divide, offend and cause hurt to victims.

The British Ministry of Defence and the Parachute Regiment do not endorse these flags or banners and have stated they should only be displayed in certain circumstances.

Re-traumatising victims with offensive displays is wrong and should have no place in our society.

Standing by and allowing our citizens to be divided and hurt is no longer an option.

This Council agrees to take legal action against the Department for Infrastructure enforcing it to remove:

1. all Paramilitary flags, unless permission is granted by the Department for Infrastructure with protocols that protect citizens; and
2. all banners without planning permission on Department for Infrastructure property, unless permission is granted with protocols that protect citizens.”

The motion was seconded by Councillor D. Baker.”

She advised the Council that the decision had subsequently been called-in and that an external legal opinion had been sought.

A copy of the Barrister’s legal opinion had been tabled to all Members at the meeting.

After discussion, the Council agreed to refer the decision back to the Strategic Policy and Resources Committee to consider the legal advice.

The Council wishes to see an immediate end to the age of fossil fuels and the implementation of urgent action to avoid climate breakdown and catastrophe.

Belfast City Council supports the climate strikes taking place in this city on 20th September, and pledges to help publicise, facilitate and lend practical support to climate activists taking to the streets on this historic day.”

The motion was seconded by Councillor Smyth.

This Council therefore welcomes and supports the Rally for Choice on September 7th, 2019, as an expression of public protest against the current law and the need to ensure decriminalisation of abortion so that no other woman or healthcare professional faces the prospect of arrest and prosecution over the procurement of necessary reproductive healthcare services.”

Rewilding our Wards

“We commend this Council for the work and projects it undertakes across the city to enhance biodiversity and increase environmental protection.

Rewilding spaces in the heart of our communities not only enhances and adds to the good work already undertaken to protect the environment; but also confirms our commitment as a Council to challenge the climate emergency we have already recognised is upon us.

We call on this Council in each of our city’s 60 electoral wards to rewild, as a minimum, 1 extra space each year outside of what is already planned or programmed.

We further call on this Council to promote this initiative and working alongside members in each ward to identify achievable and appropriate sites, where working with the community we create rewilded spaces that local communities can feel part of challenging climate change.”

The motion was seconded by Councillor Canavan.

In accordance with Standing Order 13(f), the motion was referred, without discussion, to the People and Communities Committee.

**Meeting of Council,
Monday, 2nd September, 2019**

partner agencies to ensure that such wanton rampage of destruction is never repeated, and that those responsible are brought before the courts.

Silver Poppies of Remembrance

In accordance with notice on the agenda, Councillor T. Kelly proposed:

“With the 75th Anniversary of the end of the Second World War approaching, this Council wishes to recognise the contribution of those who fought in that war from Belfast.

It notes that every year the number of surviving veterans is reducing and time to provide appropriate recognition is running out. The Council, therefore, should come together to provide all surviving veterans of WW2 (including those in the Merchant Navy) with a silver Poppy of Remembrance, to mark their service in the fight against Fascism and Nazism.

These poppies will be presented to all surviving veterans who live in the Belfast Council area week commencing 4th November 2019.”

This council notes that many within the Trans community still suffer discrimination and that visibility of the community is a hugely important part of raising awareness and overcoming discrimination.

As a statement of our solidarity with the Trans community, this Council agrees to illuminate the City Hall in the colours of the Trans flag to coincide with the Transgender Day of Visibility every year on 31st March; as a continuation of our solidarity with the community, this Council also agrees

E-Petition Mechanism

In accordance with notice on the agenda, Councillor O’Hara proposed:

“This Council supports the development of an e-petition mechanism for Belfast City Council.

E-petitions are an opportunity for citizens of the City to bring forward issues of concern over which this Council has authority. They widen access to the democratic process and bring governmental structures closer to the citizens we represent. Similar processes are in place across these islands and Europe at a variety of administrative levels. In the continuing absence of a local Assembly and the democratic deficit it creates, it is imperative that this Council does what it can to enhance and broaden access to the democratic process.”

The motion was seconded by Councillor Hutchinson.

In accordance with Standing Order 13(f), the motion was referred, without discussion, to the Strategic Policy and Resources Committee.

Citywide Multi-Agency Task Force on Mental Health and Suicide

In accordance with notice on the agenda, Councillor D. Baker proposed:

“This Council notes with serious concern the growing number of people who have taken their own life over recent times and extends its deepest sympathy to all those effected. We call on the Lord Mayor to convene a citywide multi-agency task force to respond to the serious concerns regarding mental health and suicide in our City.

The task force, using all their collective resources, should map out an action plan of front facing initiatives such as the successful Multi agency `road safe road show` to engage schools, youth organisations, businesses and citizens on our response to resilience, emotional well-being and positive mental health.

This Council needs to use every partner, every power and every strategy at its disposal to reach out to our citizens, let them know we care and we are there for them and that is ok not to be ok.”

**Meeting of Council,
Monday, 2nd September, 2019**

The motion was seconded by Councillor Magennis.

In accordance with Standing Order 13(f), the motion was referred, without discussion, to the People and Communities Committee.

Economic Future Planning

In accordance with notice on the agenda, Councillor Beattie proposed:

“This Council recognises that economic future planning is crucial in the period ahead, particularly given the impending withdrawal from the European Union.

This Council should plan for, and bring forward an economic plan for the future of this Council area in the event of the north of Ireland retaining membership of the European Union, following a referendum on Irish Unity. The economic plan should draw on the numerous existing reports of an all-island economy, including, but not limited to; ‘Modelling Irish Unification’ by Dr Kurt Hubner, ‘The Economic Effects of an All Island Economy’, by Paul Gosling, ‘The Economic Case for Irish Unity’, by Michael Burke and the Joint Oireachtas Committee Report, ‘Brexit and the Future of Ireland – Uniting Ireland & Its People in Peace & Prosperity’.

This Council should be prudent in planning for the future to maximise our potential and secure future economic growth and to compete effectively with other Cities across the Island of Ireland.

The economic plan should examine how this Council would prepare for this scenario and how this Council area could position itself within this potential new constitutional arrangement, in order that Belfast maximizes all opportunities for city growth in this context.”

The motion was seconded by Councillor Hargey.

In accordance with Standing Order 13(f), the motion was referred, without discussion, to the Strategic Policy and Resources Committee.

Community Impact of Needle Finds

In accordance with notice on the agenda, Councillor McLaughlin proposed:

“This Council notes with alarm the increased volume of needles found on streets in inner city surrounding communities, both used and otherwise. The safety ramifications for families who reside in such areas are extensive and obvious.

**Meeting of Council,
Monday, 2nd September, 2019**

This Council has a duty of care to the citizens of Belfast including assisting them in fulfilling their ambitions and striving towards the goals of the Belfast Agenda.

Urban inner city surrounding communities are lived in neighbourhoods, not fully part of the City Centre but neither are they suburbs. Such localities face problems associated to air pollution, high volumes of commuter car parking, dense housing developments, fractured infrastructure and historical failings associated to place and space planning.

One contemporary impact of such failings resides in limited usable green and natural safe play sites.

The evidenced needle finds across urban inner city surrounding communities are ordinarily in sites of overgrown shrubbery, vacant green sites, beside hedge rows and alongside well used play and walking areas.

This Council cannot and should not accept increased street needle finds as a natural and inevitable consequence of a growing City. Such an acceptance is a direct contradiction to the aims and visions of the Belfast Agenda. This neither supports those at risk of addiction or resident families.

Whilst we recognise the massive value of the work undertaken by the Council's Community Safety structures and the Sharp Removal Programme, this motion seeks a report focused on the immediate areas surrounding the city centre in the contemporary context, detailing the volume of finds, associated costs of removal, correlations if and where they exist, site contexts and recommendations moving forward based on good practice elsewhere."

The motion was seconded by Councillor Donnelly.

In accordance with Standing Order 13(f), the motion was referred, without discussion, to the People and Communities Committee.
