

Presentation to Shared Island Unit/All-party Working Group

This Council will write to the Irish Government and seek representation from this Council to present to the Shared Island Unit on matters including but not limited to, planning for constitutional change, All Island Economy, Belfast to Dublin Economic Corridor, Brexit and the Irish Protocol and an All Island approach to the climate crisis.

As the second largest city on the island of Ireland, our citizens should have representation on any determination of their future.

Accordingly, to inform any presentation to the Shared Island Unit, this Council will create an elected member working group for the purpose of exploring how Belfast can establish and foster stronger social, economic and political linkages on the island of Ireland and how it can work collaboratively to avail of opportunities or deal with strategic issues and challenges to the benefit of our citizens.

Proposer: Councillor Gormley

Seconder: Councillor Donnelly
